

"UTTER JOY" CAMPAIGN

Pledge to Volunteer

I want to experience the "utter joy" that comes from using my gifts and talents to make a difference. I hereby pledge to volunteer at least five (5) hours of my time per month in service for others. It is my hope that in making this personal commitment to model the habit of volunteerism, I will enhance my own life and community life as well.

Volunteer Service can be anything from acts of kindness toward individuals to community beautification. I will encourage others to serve by periodically reporting my experiences to the 5th Bridge.org website.
